SPiCE 1-2-1 for Automotive

Current Version: Version 3.3.31
Release Date: May 4ᵗʰ, 2024

Without registration code, SPICE 1-2-1 automatically starts in demo mode. In demo mode you cannot store your assessment ratings.

If you purchase SPICE 1-2-1, you will receive an activation code which enables you to switch the demo version to a full version. For the activation to proceed, you need an Internet connection. After activation, the tool operates also without Internet connection.

Because of structural changes in the process dimension and amongst the generic practices there are separate tools for each major PAM release: one for **PAM 4.0**, one for **PAM 3.1**, another one for **PAM 2.5**.
